GEORGIA PROJECTS INCREASE ENVIRO'S FOOTPRINT IN THE SE

It has been 7 years since ENVIRO opened its first office in Tucker, Georgia. Propelled by construction projects in Columbus, Georgia at Fort Benning and Hinesville, GA at Fort Stewart, ENVIRO began expanding its offerings to the Metro Atlanta area.

In 2010, a joint venture agreement with Dunn Construction and CES was formed and ENVIRO became a member of Dunn Aviation Group. Dunn Aviation Group has completed several projects at Hartsfield-Jackson Atlanta International Airport and is currently completing West Crossover Terminal Improvements and Delta Air Lines Gate Modernization.

Additionally, ENVIRO joined Lowe Engineers to form Team ENVIRO Atlanta JV and is one of the Managing General Contractors for the City of Atlanta. Most recently, completing Second Floor Improvements including: City Council Chambers, Interior Offices and Mayor's Suite. ENVIRO also works with Lowe at DeKalb County on professional MS4 Inspections.

Most recently, ENVIRO's landscaping division completed Tree Planting along the Atlanta Beltline's West Trail for Trees Atlanta.
